LEARN KAYAK SAFETY SKILLS

Kayaking skills instruction, including strokes, wet exits, reentries, and rolling is available year round. There are opportunities to learn through formal workshops and informal practice with fellow CPA members. During spring and summer and fall months, CPA offers local weekly evening paddles where skills can be learned and honed. In winter, various area pools offer indoor practice opportunities.

WORKSHOPS AND SPECIAL EVENTS

CPA has many opportunities to practice and sharpen acquired skills. There are several workshops for kayakers of all levels.

- ♦ **SK101** introduces new and beginning paddlers to kayaking equipment, techniques, and safety.
- ♦ **SK102**, our award-winning weekend workshop, offers on-the-water classes from basic and advanced rescues to rolling to Greenland and performance paddling.
- ♦ **SK203** offers paddlers the opportunity to learn skills required to lead trips safely.
- ♦ **Gear Day** provides opportunities to try, swap, or buy gear from other members and wet-exit training.
- ♦ **Greenland Paddle Workshop** where members make their own Greenland paddle.
- ♦ **Cold Water Clinic** emphasizes cold water safety.
- ♦ **Kent Island Practice Paddles (KIPP)** provides endurance training leading up to a circumnavigation of Kent Island.

Additional events are added to meet the needs and interests of members.

WEEKDAY EVENING PADDLES

Members paddle in local "Piracies" on weekday evenings. Most Piracies meet during the warmer months – April to October and continue with peer paddling in the colder months. All are welcome on these weekday paddles!

Piracy Paddles may change. Please refer to the CPA web site for details.
